ABOUT ME

Information Technology graduate with strong foundations in programming, data structures, and machine learning. Experienced in developing AI-driven systems and full-stack web applications. Passionate about teaching and simplifying complex concepts, with one year of teaching experience. Seeking a Teaching Assistant role to support student learning and academic development.

EDUCATION

2022 - 2026	B-Tech Information Technology
Marwadi University	Graduated with a CGPA of 7.9

EXPERIENCE

2021-2022	English Tutor
Myanmar	- Taught English for one year to students of varying levels - Developed lesson plans and explained concepts clearly - Improved student engagement and communication skills

SKILLS

- Programming Languages:
Python (primary), JavaScript, C, C++, Java
- Core Concepts:
Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems
- AI & Data Science:
Machine Learning, Predictive Modeling, Data Analysis
- Web Development:
HTML, CSS, JavaScript, Full-Stack Development
- Tools & Technologies:
Git, GitHub, VS Code, Jupyter Notebook, SQL

ACHIEVEMENTS & ACTIVITIES

- Patent published by Indian Patent Office (2026)
- Participated in Web Horizon, Marwadi University (September 2024)
- Participated in Hack The Mountain 5.0 by Sudans Technocrats Foundation

PROJECTS

- **AI-Enhanced Academic Retention System & Predictive Intervention Model**
 - Developed an AI-based system to identify at-risk students and suggest interventions
 - Applied machine learning techniques for prediction and analysis
 - Currently preparing a research paper
- **AI-Driven Commodity Price Forecasting & Volatility Analysis**
 - Built predictive models to analyze and forecast commodity prices in Gujarat
 - Used data analysis techniques for strategic planning insights
 - Research paper in progress
- **Wearable Safety Device for Travel & Wellness (Patent Published)**
 - Published in Indian Patent Journal (09/01/2026)
 - Designed a wearable system for safety and health monitoring
- **E-Commerce Website (Standing Desk Company)**
 - Developed a full-stack e-commerce platform with product management and UI features
- **COVID Tracker Web Application**
 - Built a real-time COVID-19 tracking web application
 - Focused on data visualization and user experience
